**JAMETI : The Journal of Applied Mechanical Engineering Technology and Innovation
Indonesian Society of Applied Science (ISAS)**

The Journal of Applied Mechanical Engineering Technology and Innovation (JAMETI) at <https://journal.isas.or.id/index.php/jameti>) is a blind peer-reviewed journal dedicated to the publication of quality research results in the field of Mechanical Engineering and Technological Innovation. Articles published in the JAMETI Journal include original scientific research results (top priority), while for scientific review articles that are new (not top priority) and also comments that are critical of the results of scientific papers published by the JAMETI journal. All publications in the JAMETI journal are open access that allows articles to be freely available online without subscribing to anything.

The Journal of Applied Mechanical Engineering Technology and Innovation (JAMETI) is published twice a year by the **Indonesian Society of Applied Science (ISAS)** as the Indonesian State Polytechnic Association with legal status. JAMETI accepts manuscripts or articles in engineering from various academics and researchers both nationally and internationally.

Articles published in the JAMETI journal are articles that have been subject to a review process by peer-reviewers who are competent in the engineering fields. The final decision on scientific articles at JAMETI is the right of the Editorial Board on the recommendation of the peer-reviewers.
